SGNSOU02 REV: 07/17

Domestic meter box repair outside the M25 area

Q. Who is responsible for maintenance, repair and replacement of meter boxes?

Under the Gas Act 1986, the meter box is part of your property and as such it's the responsibility of the owner and/or occupier to make sure it's well maintained. All replacement meter box work carried out by us is chargeable.

Q. How do I arrange work on a meter box?

We've attached our price list and application form, so all you need to do is tick the work you want us to do, then add your address and contact details. You can pay by sending us a cheque payable to Scotland Gas Networks plc or filling in your credit or debit card details on the form.

Q. What type of work can be carried out on a meter box?

The types of meter boxes we can offer repair work on are shown over the page. We can supply and install meter box covers and doors, door hinges/pins, and locks. We can also supply replacement meter box door hinge pins, locks and door keys.

You can buy meter boxes and related parts from some plumbers' or builders' merchants.

Q. What if the meter position needs changing?

If your meter position needs changing, please contact our Customer Service team on 0800 912 1700 or visit our website sgn.co.uk.

Q. What happens next?

Send the completed application to us at the address below. Once we've received your completed application and your payment has been processed, we'll contact you to arrange an appointment - so please remember to give us your telephone number(s).
